Athena Technology

<https://www.athenatech.in/>

We are **Manufacturer** and **Exporter** of Analyticals, scientific instruments and laboratory equipment which are known for their simple operations and notable testing efficiency. We also provide affordable installation services.

About Us

Established in the year **2010**, **Athena Technology**, an **ISO 9001: 2008 Certified Company** is a reputed **manufacturer, exporter and trader** of high quality scientific instruments and **laboratory equipments**. Our unparalleled array of products includes **Nitrogen Evaporator, Nitrogen Gas Generator and Hydrogen Gas Generator**. Under the brand name Athena, our products are known for their high efficiency, unmatched reliability, high durability, proven performance. Our instruments finds application in Research Labs, Colleges, Schools and various industries like Life sciences, Chemical, Petrochemical, Semiconductor, Pharmaceutical and Environmental. Moreover, we export our products to **European Countries, Middle East, South East Asia, Africa and USA**. In the future we hope to keep on contribution towards building a more affluent human society by providing the customers with innovation products, best quality and perfect Installation Services.

The infrastructure that we have set up for manufacturing our products is highly advanced and well equipped with modern technologies. The unit is segregated with several in-house departments like production, quality control, sales & marketing. All the high-tech machinery in our unit is handled by a team of skilled professionals. Their rich domain expertise and ability enable us to complete the exact requirements of our prestigious clients within the set time limit. Quality is of immense...

NITROGEN EVAPORATOR

HighVolume Nitrogen Evaporator

Water Bath Evaporator

Turbovap Nitrogen Evaporator

Dry Evaporators Concentrator

PROBE SONICATOR

Ultrasonic Probe Sonicator

Ultrasonic Emulsions Probe Sonicator

LCD PROBE SONICATOR

Ultrasonic Sonochemistry Equipment

CYLINDER REGULATORS HIGH PRESSURE

Two Stage Pressure Regulator

High Pressure Piston Regulator

Single Stage High Pressure Regulator

Acetylene Gas Regulator

TURBOVAP EVAPORATOR

100 Sample Nitrogen Concentrator

Solvent Sample Evaporator

High Volume Nitrogen Evaporator

100 Sample Evaporator

HYDROGEN GAS GENERATOR

GC FID Hydrogen Gas Generator

Hydrogen Gas Generator for GC

Hydrogen Gas Generator for GC FPD

Hydrogen Gas Generator

LCMS NITROGEN GAS GENERATOR

LC-MS-MS Nitrogen Gas Generator

LCMS Tri Nitrogen Gas Generator for AB Sciex Systems

LC/MS Nitrogen Generator

Nitrogen Generator for LCMS & LC-MS-MS

STERILITY TEST APPARATUS

Membrane Filter Holder Assembly

3-Branch Stainless Steel Solvent Filter Manifold

Multi-Branch Funnel Filter Lab Manifolds Vacuum Filtration

Sterility Testing Manifold

NITROGEN GAS PLANT

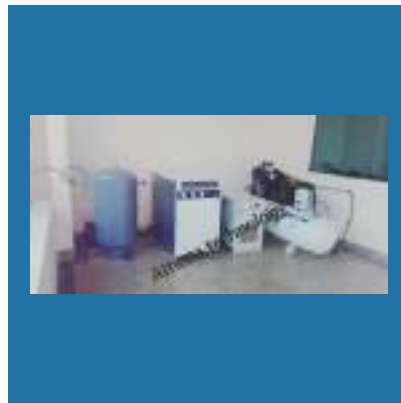

Nitrogen Plant Generator

Automatic Nitrogen Gas Generator For Food Packaging

High Capacity Nitrogen Gas Generator

Nitrogen Generator For Purging

GAS PURIFICATION AND CONTROL PANEL

Gas Purification System

Gas Purification System

Gas Purification Panel for Chromatography

Gas Purification Filter For LCMS

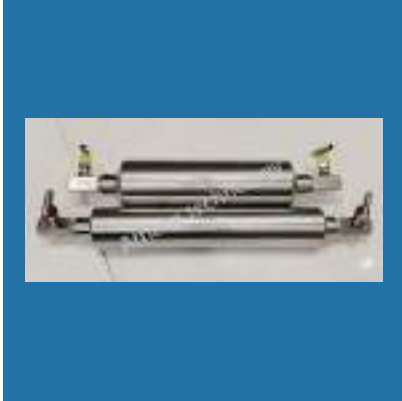

GAS SAMPLING BOMB

Gas Sampling Bomb

SS 304 Transformer Oil Sampling Bottle

SS 304 Transformer Oil Sampling Bottle For DGA Test

Oil Sampling Bomb

STOMACHER BLENDER

Laboratory Paddle Blender for Food Microbiologists

Laboratory Biological Sample Sterile Homogenizer

Medical Sterile Homogenizer

Laboratory Paddle Stomacher Blender

KBR DIE SET

Evacuable Pellet Dies

IR- FTIR Die Set

KBr Die Set For XRF

KBR Hydraulic Laboratory Presses

SONICATOR WITH CHILLER

Ultrasonic Cleaners with Cooling Facility

Chiller Ultrasonic Cleaner

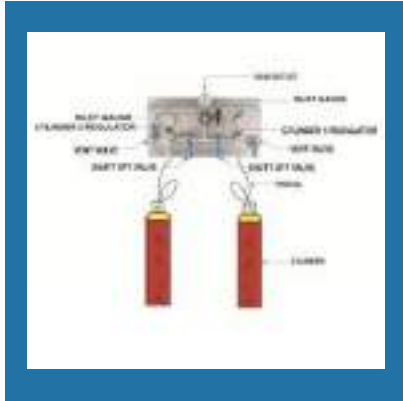

In- Built Chiller Ultrasonic Cleaner

Chiller Sonicator

GAS MANIFOLD SYSTEM

Manual Change Over Manifold System

Mechanical Automatic Gas Change Over Manifold

Automatic Change Over Manifold System

Semi-Automatic Manifold System

ULTRASONIC CLEANER

Ultrasonic Bath Cleaners

Ultrasonic Bath with Chiller

Ultrasonic Cleaner

Ultrasonic Cleaner

HYDROGEN GENERATOR

Hydrogen Gas Generator

Large Hydrogen Generator

Hydrogen Generator SPE
1000

Hydrogen Generator SPE
PEM 2000 3000

HPLC PUMP

HPLC Column Washing Pumps

HPLC Pump Column Washing

Flow Chemistry Pump

HPLC Column Oven

LABORATORY INSTRUMENTS

Ultrasonic Bath Sonicator

Ultrasonic Cleaner For Medical Industry

Lab Ultrasonic Cleaners

Sonicator Ultrasonic Bath

SPE POSITIVE PRESSURE MANIFOLD

Positive Pressure-96 Processor

144 Positive Pressure Manifold

Solid Phase Extraction Unit

96 Well Plate Positive Pressure Processor

FTIR-IR XRF ACCESSORIES

Hydraulic Laboratory Presses

FTIR Hydraulic Press

Dry Powder Pellet Pressing Die Set

FTIR Press Dies

NITROGEN GAS GENERATOR

Nitrogen Generator For Gas Chromatographs

PSA Nitrogen Generator

Nitrogen Gas Generator for Turbovap Evaporator

Lab Nitrogen Gas Generator

Factsheet

Year of Establishment : 2010

Nature of Business : Manufacturer

Total Number of Employees : 26 to 50 People
